

Follow-up Luncheon on the 2025 Osaka-Kansai Expo

On January 22, the Embassy of Japan hosted a follow-up luncheon with nine government ministries and four business-related organizations involved in the 2025 Osaka-Kansai Expo. The meeting reviewed achievements from the Expo and discussed future cooperation.

During the Expo period, President Mnangagwa visited Japan and hosted a Business Forum attended by government and business representatives from both countries. The forum led to the signing of three cooperation documents, advancing bilateral economic relations.

The Embassy will continue working closely with the Government of Zimbabwe to further strengthen business cooperation between Zimbabwe and Japan.
